FOR IMMEDIATELY RELEASE

During the week of February 5, 2025, the Department of Elementary and Secondary Education's (DESE's) Office of Language Acquisition (OLA) will conduct a Tiered Focused Monitoring Review of New Heights Charter School of Brockton. The Office of Language Acquisition reviews each district's and charter school's ELE program every six years to monitor compliance with federal and state English learner education laws and regulations. Areas of review will include English learners' student assessments; identification of English learners; what programs English learners are placed in; parent and community involvement; curriculum and instruction; student support services; licensure requirements for faculty, staff, and administration; program plans; and evaluation and recordkeeping.

In addition to the onsite visit, parent outreach is an important part of the review process. The district will send a survey to the parents of students whose records the review team examines with. The survey focuses on key areas of their child's English learner education program. Survey results will be reviewed by OLA and they will contribute to the monitoring report.

Within approximately 60 business days of the onsite visit, the review chairperson will provide the New Heights Charter School of Brockton with a report with information about areas in which the New Heights Charter School of Brockton meets or exceeds regulatory requirements and areas in which the New Heights Charter School of Brockton requires assistance to correct or improve practices. The report will be available to the public at <https://www.doe.mass.edu/ele/cpr/>.
